2. Scope of application

The policy applies to the Board of Hiscox Ltd. Linked to the overall responsibilities of the Board, the policy also extends to oversight of workforce diversity, equity and inclusion throughout the Hiscox Group (the Group) as defined and managed via the Group diversity, equity and inclusion policy¹.

3. Diversity, equity and inclusion as part of the company strategy

Hiscox operates in a global market and the success of our business is dependent on our people. We want to build teams that are as diverse as the customers and communities we serve and create an environment where all our people can thrive. We want to ensure that being successful at Hiscox is purely down to talent, personal values and effort, and consistent with our values. Our belief is that diverse perspectives and different ways of thinking help us anticipate and meet market needs in new ways. This diversity of thought allows us to look at problems differently, and helps make us more innovative and a stronger partner for our customers.

At Hiscox, diversity is ensuring that we have directors and a workforce² with different backgrounds, perspectives and experiences. Inclusion is fostering a culture that brings the diversity of thought that is vital at every level of the business including at the Board level, where everyone has a 'voice' at the table and everyone's opinion and views are heard and respected. Diversity, equity and inclusion go hand in hand – an inclusive workplace culture allows diverse employees to have an impact on our business.
